

Of course, originally it was all fields 'round here...and before that an ocean.

...The Estate is legally vested in the names of four Gentlemen, of responsible position and undoubted probity and honour, to be employed by the council in the creation and maintenance of all neccessary public work-roads, schools, parks etc...

We have gained a peace unshaken by pain for ever,
We Have gained a peace unshaken by pain forever.

...
to find for our industrial population work at wages of higher purchasing power...We have gained a peace unshaken by pain forever...And to secure healthier surroundings and more regular employment.

To Enterprising Manufactures, Co-operative Societies, Architects, Engineers, Builders, and Mechanics of all kind...a peace unshaken by pain.

It's object, in short, to raise the standard of health and comfort of all true workers of whatever grade- they were cleaner, handsomer than the average of either race. The means by which these objects are to be achieved being a healthy, natural, and economic combination of town and country life, and this on land owned by the muniplicity.....so all things considered, I feel sure you will get used to our ways without too much effort.

...a peace unshaken

REJOICE!

For hence forth you are perfect! Up to this day your own offspring, your various mechanisms, were of greater perfection than ourselves

The rest of the large space..is a public park, containing 145 Acres, which include ample recreation grounds within very easy

access of all the people. And yet the guardians have more and more often (well may you blush) seen smiles and heard the sighs among you....The road lies clear ahead.

In all the public squares or parks they have erected handsome houses, beautifully furnished, with baths and bedrooms. If a man has decided to die, he goes there. A peace unshaken by pain.

Of course,originally it was all fields around here. The meadows were green, and so was the rising wheat which had been sown...and before that an ocean...and in that heaven, of all their wish, there shall be no more land.

Noticing the varied architecture and design, some having common gardens and co-operative kitchens-we learn that the general observance of street or harmonious departing from it are the chief points as to house building over which the municiple authorities exercise control...the fullest measure of individual taste is encouraged.
